Dear friends and partners,

National Monument to the Forefathers

For more information watch: *Monumental: National Monument to the Forefathers*
by Marcus Constantine <http://www.youtube.com/watch?v=eTswNhAALns>

I hope you had a great time of Thanksgiving with family and friends. The “Jones 5” (see page 2 for pictures) was reunited with Lydia being home for a few days from the rigors of NC State academic and swim season work. I’m not sure who was more glad to see her, mom and dad or all the brothers? 😊

A few weeks before the Thanksgiving holidays, a gentleman in our home church presented two talks on the history of the English Separatists that came to America as Pilgrims. The lectures and video presented the true history of these courageous and faithful people who sacrificed much to help establish this nation. To commemorate their lives and “vision” for this land, the *Pilgrim Monument*, now known as the *National Monument to the Forefathers* was established in 1889 (see picture and caption above). Most importantly, this monument reveals the Biblical and Christ-centered principles that the Pilgrims and founding fathers of the U.S. believed in and sought to practice in society. Thank God it was constructed before the **modern “separation of church and state” deception** as it gives subsequent generations wisdom and guiding principles if only they would seek, teach and follow them!

“My people are destroyed for lack of knowledge. Because you have rejected knowledge, I also will reject you from being priest for Me; because you have forgotten the law of your God, I also will forget your children.” Hosea 4:6

Interestingly, the Monday before Thanksgiving, The Truth Booth outreach table we conduct was set up near the Georgia Tech *Campus Freethinkers*, an agnostic and atheist student group. This group of students as well as the one at Georgia State is supported by the **Secular Student Alliance**, a well funded and organized educational non-profit seeking to teach and promote a secular society “free” from Biblical and “religious dogma.” (see www.secularstudents.org for more information) Though sincere (I’ve witnessed to some of them), these young men and women like many others across our nation, are being led astray from Jesus and Biblical truth through false teachings by the “experts”, revisionist history and “modern science.”

Why? How can this happen? Well, perhaps the quick answer is that the majority of the 60’s & 70’s generation in America turned from God and have been leading the nation astray from our historical roots. The words of the infamous Nazi leader Adolph Hitler seem appropriate, **“If you tell a big enough lie and tell it frequently enough, it will be believed.”**

“He alone, who owns the youth, gains the future.”

Thank you for your prayer and financial partnership which enables us to GO to the “campus battle” for the hearts and minds of today’s students and tomorrow’s leaders. Have a great Christmas and please let us know if we can be of service.

Your campus missionaries,
Bart, Michelle & the Jones kids
